

NON-GEOGRAPHIC NUMBERS

(0800 - 0845 - 0870 - 0906)

Non-geographic numbers are key tools for increasing a company's overall success. They also allow companies to have a greater national presence and relocate with ease.

General benefits

- Free golden numbers
- Free setup and rental
- Free porting of existing numbers
- No new lines needed
- Fully itemised inbound calls
- Route straight to your mobile

Number options

Non-geo #	You pay	Caller pays	Main benefit

p0	0906 505 XXXX	150p	127.7p	89.4p	70%

Rates are in pence per minute. Rules for premium rate numbers are in accordance with ICTIS.

Common answers

1. All numbers are activated on the same day of being requested
2. All numbers work on lines provided by any UK network (BT, NTL, Telewest etc)
3. We can terminate numbers on to a mobile, but you will be charged a mobile call rate of 10p on top of the standard inbound call charge. eg 0800 call to O2 mobile will cost 3p+10p=13p per minute (BT charges 25p)
4. Changing the termination number costs £15 per number
5. We apply a minimum charge for 0800/0845 of £2 per number per month
